

VET TECH WEEK

The El Paso Zoo is proud and grateful to our Veterinary Support Team. Thank you for your dedication, compassion, and hard work. Happy Vet Tech Week! We couldn't zoo it without you.

Erin

"I've been here for 20 years. I love the comradery we have here at the El Paso Zoo. My favorite animal I've worked with over this entire journey has been Savannah the elephant, I miss her dearly. When we all work as a team, we accomplish amazing things!"

Sarah

"I've been at the El Paso Zoo for 3.5 years. My favorite part of this adventrue is the raptor rehabilitation program. There's nothing quite like getting to nurse injured and sick birds back to health and watching them take to the skies again. Who knew saving feathered friends could be this much fun?"

Karina

"I have been with the El Paso Zoo for a little over 3 months but it has felt like more! I love the many amazing animals we have here at the El Paso Zoo but especially the penguins. I would say I am most proud of getting my master's degree, but also of being in this awesome position and getting to help our animals every day."

Jon

"I've been at the zoo for 10 years and it feels like I started yesterday. The most rewarding part is being able to build relationships with keepers and animals - Malaika the lion is my favorite. I enjoy the opportunity to take a leadership role and manage a portion of our emergency response team."

Gisselle

"I've been working here for two years and it's absolutely amazing. Our Mexican wolves have my heart, I love being able to see the pack run around their beautiful exhibit or hear their howls during my break. Most importantly, I love being part of the vet team and I'm so proud of them!"
